

National Guard Association of New Hampshire

Dear Friend of the National Guard:

Corporate Partnership funding allows our organization to advocate effectively both locally and nationally. Your support enables the National Guard Association of New Hampshire (NGANH) to have a crucial voice in Concord, NH and on Capitol Hill to ensure our Soldiers and Airmen can fulfill both their state and federal missions. It is our association's responsibility to ensure all military members and their families receive the best possible equipment, training, facilities, and benefits. NGANH is dedicated to *changing the lives of past, present and future men and women of the National Guard and their families.*

Every year it seems more challenging to be a member of the National Guard while meeting the demands of our fast-paced society. This is especially challenging now that the National Guard is no longer considered a "strategic reserve force." Recognizing this new reality, the NGANH is working hard to advocate on behalf of our members to meet the needs of New Hampshire National Guardsmen and their families. Our Soldiers and Airmen deserve no less.

Recent local and national Accomplishments

- Worked closely with our Congressional Delegation to ensure unanimous support for numerous legislative initiatives that changed the lives for our National Guardsmen and their families; to recently include Guard Empowerment which provided the Chief of the National Guard Bureau with a permanent seat on the Joint Chiefs of Staff
- Created a scholarship fund for members and their dependants
- Raised funds to enable members of the NHARNG to come home for the holidays from pre-deployment training prior to their long deployment overseas
- Hosted our first annual state conference in partnership with the Enlisted Association
- Increased veteran deductions of New Hampshire property taxes
- Philanthropically supported numerous worthy causes and organizations: Operation Giving Tree; Veterans Count; New Hampshire Aviation Historical Society Museum; NGNH Professional Development, New Hampshire Army and Air Monuments, etc.

Currently, our association is engaged in a number of upcoming initiatives to support active guardsmen, veterans, retirees and their families in 2012. Please visit our website at www.nganh.org where you will find association news, events, and current initiatives.

Thank you in advance for your generous support – the application for Corporate Partnership is on the following page.

Sincerely,

Tony

Anthony L. Picano, Lt Col
Vice President &
Chairman, Corporate Partnership Committee

National Guard Association of New Hampshire

2012 Corporate Partnership Application

We cordially invite members of the business community to apply for a **Corporate Partnership** membership with the **National Guard Association of New Hampshire (NGANH)**. Your sponsorship provides the resources needed to support 2,867 active, veteran and retired New Hampshire National Guardsmen. Our association works on both a state and national level to prioritize equipment needs, examine future missions, update benefits, and amend or revise the laws and regulations that govern our citizen soldiers. We work closely with our Governor, state and federal legislators, and the National Guard Association of the United States (NGAUS) to provide a voice for those who serve and have served. Please select from the following sponsorship categories:

- PLATINUM**
\$2,000
- GOLD**
\$1,000
- SILVER**
\$750
- BRONZE**
\$500
- PATRIOT**
Less than \$500
